In reply to 2nd 29, forwards a copy
of letter dated 29.7.33 received from
the Superintendent, Stamp Manufactory Alw
and recommends approval to the proposal
of the Superintendent to print the stamps
in different colors

2 The D.C. Mysore district has
suggested the desirability of getting the
diffr denominations of entertainments tax
stamps printed in different colors to
enable prompt checking & to avoid the confusion
resulting from having them only in one color

3 The Stamp Commissioner (whose views consulted) supports the above
view and recommends that, as proposed by
the Superintendent, Stamp Manufactory to
Stamps) the several denominations may
be printed in distinctive colors

4 At present all these denominations
are printed in green color, as it was thought
to be the most economical method of producing
these stamps vide paras 5 & 6 of D.O. No. 2351-32 placed below
the letter in the file.

Printing of Entertainments Tax stamps in diff. colours

In Madras these entertainments tax stamps are printed in diff. colours (vide Govt. no 3490 Ex dated 24 & 28 Sept)

2/ The superintendent of Stamps Nasik has reported (vide enclosure to P.U.D) that out of the indent for these stamps for 1933-34, he has already printed all the denominations of quarter-anna (nearest complete entertainment tax) Half-anna, one-anna, two annas, stamps & that pending orders the printing of four annas, eight annas & one rupee denominations are held up

3/ The points for consideration in this connection are whether (1) it is not too early to change the colour, and (2) also in view of the fact that, what the realizations will be from the tax is not known, it may not be desirable to wait till the end of 1933-34 to see how the scheme has worked & to see what the incidence will be & if any other steps bring to the notice of Govt similar difficulties in the matter As the realizations would have to be eventually apportioned among the Local bodies, the adoption of this course would keep down the cost on account of work etc which would have to be finally met from the proceeds of the tax itself

4/ Under para 2 of G.O. dated 12/15th May 1933, the Calculation of the tax at 12½% would make it unnecessary to print half anna stamps unless

3. Action has also been taker under rules 5 and 19 under the Amusement Tax Regulation requiring the properties to maintain registers for admission and records of stamps denoting the entertainment tax stamps purchased and used in the forms annexed to Rule 19

4. In this connection it may be pointed out that considerable difficulty is likely to be felt as the several adhesive stamps of the denominations of 3 pies, 6 pies and one anna are of one and the same colour. The proprietors also feel the same difficulty in getting the ticket stamped with the proper adhesive stamp at the time of issue of each ticket, as contemplated in the Regulation. This procedure devolves on the proprietor the duty of maintaining several registers.

5 In these circumstances, I would suggest that the stamps of several denominations may be printed in different colours for prompt checking.

6. The printing and stocking of stamps of the denominations of pies six is unnecessary and it may be discontinued as no use can be made of them as per Notification No. L. 744/M1. 275-32- dated the 13th/15th May 1933.

With reference to your No.C 24/33-34 dated 26-7-33 calling for a report in regard to the printing of Entertainment Tax Stamps in different colours, I have the honor to state that, as the stamps of different denominations are now printed in one colour only, the chances of these stamps getting mixed up are great. This also causes some confusion to vendors and users of these -- stamps. In order to overcome this difficulty it is very desirable to print the stamps of the different denominations in different colours, the overprinting of the -- values being done in black as at present. I would suggest that the stamps of the several denominations be printed in the colours noted against each.

The current indent of Entertainment Tax Stamps received from the Stamp Superintendent's office has been taken in hand, and the work is in progress. We have so far completed the indent for half anna, one anna and two annas denominations. Quarter anna indent is nearing completion. The work of printing of the other denominations viz., four annas, eight annas and one rupee has been - kept in abeyance pending further instructions from you, as to whether the indent may be proceeded with using - green only for the other denominations.

With reference to your memo No.C.24/33-34 dated the 31st - ultimo, I have the honour to state that we have printed till now 38,000 out of 45,000 sheets of Entertainment Tax stamps indented for by the Superintendent of Stamps, using the green ink for the denominations of three pies, six pies, one anna and two annas, the over printing of the values being done in black. The total - cost incurred including the paper and printing charges works out to Rs.800/-. The cost of printing the remaining 7,000 sheets of other denominations, which have been kept in abeyance pending further instructions from you to print the stamps in various colours would be about the same as to print them in one colour, viz., about Rs.200/-.

If, however, the whole indent of 45,000 sheets has to be gone through over again using different colours for the different denominations of stamps, an extra cost of Rs.900/- will have to be incurred exclusive of the cost of ink. The Superintendent of stamps will be in a position to intimate whether he has sufficient stock of paper in hand that would suffice to meet all the demands in which case no extra cost would be necessary. As for ink, there will be no need to order for a fresh supply, as we can manage - with the present stock.

Sir,

In forwarding herewith a copy of letter No.389 dated 21st/22nd December 1933 received from the Superintendent of Stamps stating that while the order for printing the various denominations of Entertainment Tax Stamps in different colours may be given effect to immediately the issue of the same be deferred till such time as the present stock in the Central Depot and the treasuries is exhausted, I have the honour to state that I agree with his suggestion as otherwise the present stock of stamps worth a lakh of rupees would be wasted. I request that orders of Government may kindly be obtained in

Copy of letter No.389 dated 21st/22nd December 1933 from the Superintendent of Stamps in Mysore, Bangalore, to the Commissioner of Stamps in Mysore, Bangalore.

With reference to your Official Memorandum No.C.24 of 1933-34 dated 19th December 1933 forwarding copy of Government Order No.L.4143-52Gnl.275-32-42 dated 14th/16th December 1933 approving of the proposal to print the stamps of various denominations of Entertainment Tax in different colours, I have the honour to state that the Stamps of Entertainment Tax have been newly introduced and a quantity of 89 - packets 495 sheets of the value of Rs.2,73,056/- were got printed in green colour with overprinting in black for different denominations as originally proposed and distributed to several Districts during the first three months of its introduction leaving a balance of 52 packets 115 sheets of the value of Rs.80,679/- in this Office. As per the - above orders of Government I shall certainly get the stamps printed in different colours and stock them in the Central Depot, but however I am of opinion that the issue of these stamps may be deferred for some-time to come so that the present stock in this Office and in the - Treasuries may be exhausted, otherwise Government will suffer loss as the stock of stamps worth a lakh would be wasted.
